We are writing to you today because we are concerned about your natural gas service. MidAmerican Energy must gain access to your home to check your gas service for possible leaks and corrosion. The inspection will take approximately 15 minutes.

As mentioned in previous letters, MidAmerican is required by the South Dakota Public Utilities Commission to complete this inspection. At this time, we have no choice but to proceed with disconnecting your gas service to comply with state regulations.

This means that your gas service at 1806 E 7th St in Sioux Falls could be disconnected at the street at your expense without further notice.

We don't want to take this action, but we need your help. To maintain your gas service without interruption, please call MidAmerican Energy today at 888-427-5632 to schedule an appointment.

Sincerely,

Denny Van Ruler

Sioux Falls, SD 57103

It is vital that you call us immediately at 888-427-5632 to schedule an appointment for a gas service inspection for potential leaks and corrosion. Failure to do so will result in you being liable for a substantial fee for work performed at your property.
